ASIAN STUDIES SEMINARS

Asian studies Seminars held in the 1st semester have incorporated a 'new format' with our teachers' chit-chat. On 19 Nov, we have Lucille, Shiru and Jacky sharing their memories of further studies and overseas living. Apart from topics of learning experiences and internship in the semester, we will have other conversations with teachers on the topics of career, vision and mission of social science in the 2nd semester. Let's see each other soon in this casual dialogue.

NEW FACULTY MEMBER

Dr. Li Cho Kiu Joseph

Hi, this is Joseph. I joined the Department of Social Science in August 2020. My research interests center around Cultural Studies, especially in public affect, postcolonial studies, cultural Cold War, and different forms of cultural and artistic activism in Asian and Sinophone societies. I teach Appreciating Asian Art, Heritage and Museum, Introduction to Cultural Studies, and Perspectives on General Education. I like the writings of Raymond Williams, Benedict Anderson, and Sara Ahmed--they demonstrate a struggle with many contradictions that cannot be easily captured with academic jargon. I also like the humanity expressed in Astro Boy, Doraemon, Moomin, Marvel Cinematic Universe, and the works of Edward Hopper, Ann Hui, and Richard Linklater, etc. I like the animal photos on Frans de Waal's Facebook page, AEON.co, Youtube videos of Apple Seed and Eat and Travel Weekly. I like local and regional travel, especially obsessing with small shops that demonstrate humanity & energy and possibility. I like Cultural Studies and truly believe that it is good for students and society because CS teaches us to be appreciative before being creative.

SERVICE-LEARNING

IN

ASI1002 INDIVIDUAL AND SOCIETY

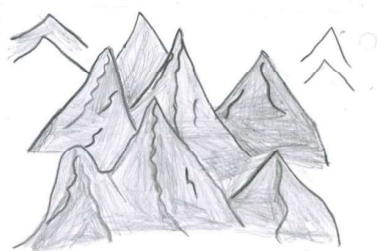

The project "Chatroom with NCS" was an online chatroom in which the AS students in the module ASI1002 Individual and Society, in multiple breakout rooms, would have a themed sharing to a group of non Chinese students (NCS) from a local primary school. Through the service, AS students understood every life situation and cultural practice of the local ethnic group and the NCS would have chances to practise Chinese in the chatroom. In one themed chat about travelling, postcards were exchanged as a post-meeting activity.

To 一明:

聽說過你想去土耳其，但現在疫情，就唯有介紹一下土耳其旁邊的俄羅斯吧！儘管俄羅斯不是高地，但她卻擁有和巴基斯坦 K2 一樣的白雪，在地上、在河流上、屋上也有，想必在遙遠難以看見。但在此祝福你未來有機會去探索這世界，發掘更多奇景！

希哥哥：

這是在2019年到北京
遊玩時選購的明信片，
北京是中國的首都。
圖片上，是秋天的故宮
景色，金黃色的楓葉飄
散在地。而故宮也是
古代皇帝所居住的地方。

希望你也有機會到
北京遊玩一番，
感受故宮宏偉的景色。
